## About me

I'm Vincent Orback, a 21 year old web designer and developer living in Stockholm, Sweden.

I spend a lot of time in front of the computer. Mostly writing code and pushing around pixels, but also reading loads of articles to keep myself in the frontlines of the digital industry and learn about the latest technologies of the web.

I mostly do front end developing (HTML, CSS, Javascript) but also some backend (PHP, MySQL). And i love WordPress, my MacBook Retina and this new age of mobile web.
